FOR CONGRESS

**VETERAN - IMMIGRANT
MAYOR - ENGINEER**

I am running for Congress because our representatives in Washington have failed us time after time. We need more jobs, more money left in our pockets, safer neighborhoods and schools, and we need to follow our Constitution. I will work with the Trump Administration to fix real problems.

**Republican for
Connecticut 5th Congressional District**

Illegal immigration, gun violence and identity politics continue to be used to divide us, instead of applying common sense solutions to unite us as Americans.

I will fight to pass Term Limits for all of Congress

I will fight tax increases and deficit spending

I will promote pro-job & working family legislation, to continue the economic recovery

I will not support citizenship for illegal immigrants

I will defend our 2nd Amendment; endorsed by CCDL

I will support repeal of Obamacare and Common Core
